

REMARKS/ARGUMENTS

A Notice of Allowance was mailed on October 31, 2008. Applicants request correction of minor formal matters that have come to their attention after a review of the application as amended, and as allowed. Applicants propose to correct these minor errors as informalities, while permitting the application to proceed to grant of the patent. No new matter is presented. The requested changes are wholly formal and do not affect the scope of the claimed invention. This amendment is submitted prior to payment of the issue fee. The changes are necessary for accuracy and to avoid possible confusion. The changes are minimal and were not earlier presented because they were only recently discovered.

Applicants respectfully request entry of this amendment under 37 C.F.R. §1.312, without withdrawing the application from issue.

If a telephone conference would be of assistance in advancing prosecution of the above-identified application, Applicant's undersigned Attorney invites the Examiner to telephone him at **215-979-1255**.

Respectfully Submitted,

Date: January 5, 2009
